

## A SMART INVESTMENT

Halstad Business League is much more than an organization, it is people. There is a place in the organization for all who share the desire to improve the community and the conditions under which business is conducted. It directs the energies of those who believe that a community worth living in is a community worth improving. The Halstad Business League enables its members to accomplish collectively what no one of them could do individually.

At this time, we are seeking members and donations to get this organization started. If you would like to join, please fill out the following information:

## OUR MISSION

It is the mission of the Halstad Business League to:

- Serve as the principal advocate for business in partnership with the community
- Support and assist existing businesses
- Act as the primary catalyst in promoting the economic health of the Halstad area, stimulating jobs and improving the quality of life

## A STRONG ECONOMY

A strong local economy means a better community for you, but a positive business climate does not just happen. It is the result of business and community leaders coming together to improve this place that we all call home.

The Halstad Business League is leading those efforts. As a newly formed organization, with business and community members alike, the Halstad Business League represents the interests of both community and business. A volunteer board of directors guides our organization. Together, we are able to accomplish what no one of us could do on our own, and the entire community benefits from a stronger economy and outstanding quality of life.

## WORKING TOGETHER

Halstad Business League is just one of the many dedicated organizations working alongside the City of Halstad and Halstad Economic Development Authority to move our great city forward. By bringing private sector dollars to partner with public dollars, we are able to weave funding sources for projects in the community. From business development projects to family friendly community events, we all have the same goal in mind - let others know how much we love it here!

## MAKING IDEAS HAPPEN

Our organization is very new, and we are just getting started. We need the help of other community members and businesses who share our passion - those who want to make ideas happen. Our next steps will include:

- Completing an organizational plan
- Developing a funding structure
- Prioritizing our goals
- Making ideas happen!

**Strong partners. Strong community.**
